1

Identifying, Detecting, and Classifying Mental Disorders: MAPS of the Territory

1

From the Case of Bill 1

Identifying Mental Disorders: What Are They? 2

What Is a Mental Disorder? 2

Assessment and Diagnosis 6

Reliability and Validity 6

Diagnostic Errors 7

Prevention: **The Role of Early Detection** 8

Assessment Tools: How Do Health Professionals Detect Mental Disorders? 9

Life Records 9

Interviews 9

Psychological Tests 11

Observations 17

Biological Measures 18

Diagnostic Classification: How Do Health Professionals Categorize Mental Disorders? 21

A Brief History 21

Diagnoses with the *DSM-5* 25

Diagnosis in the Real World 27

The Frequency of Mental Disorders: How Common Are They? 30

The Four Guiding Principles: MAPS of the Territory 33

Criticisms of *DSM* Diagnoses 33

M = Medical Myths 33

Controversy: *DSM-5* Is Guide Not Bible—Ignore Its Ten Worst Changes 34

A = Attempted Answers 36

P = Prejudicial Pigeonholes 37

S = Superficial Syndromes 38

Revisiting the Case of Bill 39

A Conversation With Thomas Widiger 41

Summary 40 ■ *Key Terms* 42

From the Case of Nelson McGrath 43

Making Sense of Abnormality: A Brief History of Early Models of Mental Disorders 45

Faraway Places, Ancient Times, and Supernatural Forces 45

The Birth of the Medical Tradition: The Classical Period 46

From Demons to Instincts: The European Tradition 46

Contemporary Approaches to Abnormality 51

The Biological Model 52

The Nervous System and Abnormality 52

Genetic Influences on Abnormality 55

Controversy: Should We Study Genetic Causes of Abnormality? 58

Psychological and Sociocultural Models 59

Psychodynamic Theories 59

Behavioral Theories 61

Cognitive Theories 65

Humanistic and Positive Psychology Theories 67

The Sociocultural Model 69

The Diathesis-Stress Model 72

Scientific Methods and Models of Mental Disorders 75

Correlational Research 76

Experiments 76

Human Diversity and Research Methods 77

Understanding Mental Disorders through Scientific Methods 78

Prevention: Breaking the Cycle of Intergenerational Cognitive Disability 79

Revisiting the Case of Nelson McGrath 80

A Conversation With Lee Sechrest 82

Summary 81 ■ *Key Terms* 84

From the Case of Tom 85

A Developmental Perspective 86

Developmental Tasks and Mental Disorders 87

Analyzing Development: The Example of Attachment 88

Classification and Diagnosis of Children's Disorders 89

Neurodevelopmental Disorders 90

Domains of Development 90

Intellectual Disability 92

Autism Spectrum Disorder 98

Specific Learning Disorder 106

Attention-Deficit/Hyperactivity Disorder (ADHD) 108

Controversy: Weighing the Risks of Ritalin 114

Oppositional Defiant and Conduct Disorders 116

Oppositional Defiant Disorder (ODD) 116

Conduct Disorder (CD) 118

Prevention: Derailing Conduct Disorder: The Fast-Track Approach 120

Treatment of ODD and CD 122

Revisiting the Case of Tom 124

A Conversation With Susan Campbell 126

Summary 125 ■ Key Terms 128

4

Schizophrenia Spectrum and Other Psychotic Disorders

129

From the Case of Lionel Aldridge 129

The Definition of Schizophrenia Spectrum and Other Psychotic Disorders 130

The Evolving Concept of Schizophrenia 131

Schizophrenia According to the *DSM-5* 132

Distinguishing Schizophrenia From Other Psychotic Disorders 139

Living With Schizophrenia 141

The Course of Schizophrenia 142

Controversy: Schizophrenia: An Appropriate Diagnostic Label or One in Need of Reconceptualization? 143

Who Is Affected by Schizophrenia? 144

Biological Causes of Schizophrenia 147

Genetic Vulnerability 147

Early Physical Trauma and Stress 150

Brain Structures and Functions 151

Neurotransmitter Dysregulation 154

Psychosocial Causes of Schizophrenia 156

The Role of Social Class and Urbanicity 156

The Role of Family Environments 157

The Role of Expressed Emotion 158

Treatments for Schizophrenia 159

Biological Treatments 160

Psychosocial Treatments 163

Prevention: Can Schizophrenia Be Prevented or Controlled? 167

Revisiting the Case of Lionel Aldridge 169

A Conversation With Erin Williams 170

Summary 169 ■ Key Terms 172

5

Bipolar Disorders and Suicide

173

From the Case of John 173

Bipolar Disorders 174

Prevalence and Characteristics of Bipolar Disorders 175

Classification of Bipolar Disorders	177
Bipolar Disorders and Creativity	180
Biological Causes of Bipolar Disorders	182
Genetic Influences on Bipolar Disorders	182
Neurobiological Influences on Bipolar Disorders	183
Evolutionary Influences on Bipolar Disorders	184
Psychological Causes of Bipolar Disorders	184
Psychoanalytic Theories of Bipolar Disorders	185
Cognitive-Behavioral Theories of Bipolar Disorders	185
Social Causes of Bipolar Disorders	186
Treatment of Bipolar Disorders	187
Drug Treatments for Bipolar Disorders	187
Psychotherapy for Bipolar Disorders	189
Controversy: Medication for Children with Bipolar Disorders: Helpful or Dangerous (or Both)?	190
Suicide	192
Who Is Suicidal?	193
A Profile of Suicide Attempts	193
Completed Suicide: Who Is at Risk?	193
Adolescent Suicide	194
Causes of Suicide	195
Prevention: Curbing Adolescent Suicide	196
Suicide Prevention	198
Assessment and Crisis Intervention	199
Treating Suicidal Tendencies	200
<i>Revisiting the Case of John</i>	<i>201</i>
A Conversation With Colin Smith	203
<i>Summary</i>	<i>202</i>
■ <i>Key Terms</i>	<i>204</i>

6

Depressive Disorders

205

<i>From the Case of Margaret</i>	<i>205</i>
Depressive Disorders	206
Major Depressive Disorder	208
Persistent Depressive Disorder	214
Premenstrual Dysphoric Disorder	215
Disruptive Mood Dysregulation Disorder	216
Causes of Depressive Disorders	217
Biological Causes of Depressive Disorders	217
Psychological Causes of Depressive Disorders	223
Social Causes of Depressive Disorders	230
Treatment of Depressive Disorders	233
Drug Treatments for Depressive Disorders	233
Controversy: Prozac: Wonder Drug or Perilous Pill?	236
Other Biological Treatments for Depressive Disorders	237
Psychotherapy for Depressive Disorders	239

Revisiting the Case of Margaret 245
A Conversation With Constance Hammen 244
Summary 246 ■ *Key Terms* 246

7

Anxiety Disorders

247

From the Case of Joan 247

Fear and Anxiety Gone Awry 248

Specific Phobias and Social Anxiety Disorder 250

Specific Phobias 250

Social Anxiety Disorder 253

Causes of Specific Phobias and Social Anxiety Disorder 254

Treatment of Specific Phobias and Social Anxiety Disorder 258

Panic Disorder and Agoraphobia 262

Characteristics and Prevalence 262

Causes of Panic Disorder and Agoraphobia 265

Treatment of Panic Disorder and Agoraphobia 268

Generalized Anxiety Disorder 270

Causes of Generalized Anxiety Disorder 271

Controversy: Explaining Gender Differences in Anxiety 272

Treatment of Generalized Anxiety Disorder 274

Revisiting the Case of Joan 275

A Conversation With Dr. Tiffany O'Meara 278

Summary 276 ■ *Key Terms* 277

8

Obsessive-Compulsive and Related Disorders

281

From the Case of Jim 281

Obsessive-Compulsive Disorder 282

Characteristics and Prevalence 284

Similarity to Tourette's Disorder 284

Prevalence of Obsessive-Compulsive Disorder 285

Controversy: OCD Onscreen: Has OCD Been Portrayed Accurately on TV and in Movies? 286

Hoarding Disorder 287

Characteristics and Prevalence 288

Body Dysmorphic Disorder 289

Characteristics and Prevalence 290

Prevention: Can/Should Some Plastic Surgeries Be Prevented? 291

Hair-Pulling and Skin-Picking Disorders 292

Characteristics and Prevalence 293

Causes of Obsessive-Compulsive and Related Disorders 294

The Role of Genetics 294

Neurobiological Factors 294

Cognitive-Behavioral Factors	296
Social Factors	298
Treatment of Obsessive-Compulsive and Related Disorders	299
Drug Therapy	299
Cognitive-Behavioral Therapy (CBT)	299
<i>Revisiting the Case of Jim</i>	302
A Conversation With Hal Arkowitz	303
Summary	302
Key Terms	304

9

Trauma- and Stressor-Related Disorders

305

<i>From the Case of Arul</i>	305
The Nature of Stress	306
Types of Stressors	306
Measuring Stress	308
Effects of Stressors	309
Physical Reactions to Stress	309
Physiological Reactions	310
Stress and the Immune System	312
Psychological Reactions to Stress	313
Types of Coping	314
Effects of Coping Strategies	315
Individual Differences and Potential Stressors	316
Resilience and Stress	317
Mental Disorders after Stress and Trauma	318
Adjustment Disorders	319
Post-traumatic Stress Disorder	325
Prevention: Can PTSD Be Prevented?	330
<i>Revisiting the Case of Arul</i>	334
A Conversation With Ann Marie Warren	335
Summary	336
Key Terms	336

10

Dissociative Disorders

337

<i>From the Case of Louise</i>	337
The Nature of Dissociation	338
Cultural Perspectives on Dissociation	339
Symptoms and Types of Dissociative Disorders	339
Dissociative Identity Disorder	340
Symptoms of Dissociative Identity Disorder	341
Prevalence of Dissociative Identity Disorder	343
Other Dissociative Disorders	344
Dissociative Amnesia	344
Depersonalization/Derealization Disorder	346

Causes of Dissociative Disorders 347

Post-traumatic Model 347

Sociocognitive Model 349

Controversy: Validity of the DID Diagnosis: The Case of the Hillside Strangler 350

Fantasy Model 352

Integrative View of DID 353

Biological Causes of Dissociative Disorders 354

Psychological Causes of Other Dissociative Disorders 355

Treatment of Dissociative Disorders 356

Treatment of Dissociative Identity Disorder 356

Treatment of Other Dissociative Disorders 357

**Prevention: Adverse Childhood Experiences:
Reducing the Risks for Dissociative Disorders 358**

Revisiting the Case of Louise 359

A Conversation With Elizabeth Loftus 360

Summary 361 ■ *Key Terms* 362

11

Somatic Symptom and Related Disorders

363

From the Case of Samantha 363

Somatic Symptom and Related Disorders 364

Somatic Symptom Disorder 365

Illness Anxiety Disorder 367

Controversy: Somatic Disorders and Recent Diagnostic Controversies 368

Conversion Disorder (Functional Neurological Symptom Disorder) 370

Factitious Disorder 372

Psychological Factors Affecting Other Medical Conditions 374

Causes of Somatic Symptom and Related Disorders 375

Diathesis-Stress Model of Somatic Disorders 375

Biological Causes of Somatic Symptom and Related Disorders 376

Psychosocial Causes of Somatic Symptom and Related Disorders 376

Treatment of Somatic Symptom and Related Disorders 380

Psychosocial Interventions 380

Pharmacological Treatments 381

Primary Care Behavioral Health: Integrated Care 381

Prevention: Primary Care Behavioral Health 383

Revisiting the Case of Samantha 385

A Conversation With James Pennebaker 384

Summary 386 ■ *Key Terms* 386

12

Eating, Feeding, and Sleep-Wake Disorders

387

From the Case of Emily 387

Eating Disorders 388

Anorexia Nervosa 388

Bulimia Nervosa	391
Binge-Eating Disorder	393
Eating Disorder Statistics	394
Controversy: Are Eating Disorders Underreported in Men?	395
Causes of Eating Disorders	396
Treatment of Eating Disorders	399
Other Eating and Feeding Disorders	401
<i>Revisiting the Case of Emily</i>	404
Sleep-Wake Disorders	404
The Process of Sleep	406
Types of Sleep-Wake Disorders	407
Prevention: Sleep Hygiene	409
A Conversation With Ted Weltzin	413
<i>Summary</i>	412
■ <i>Key Terms</i>	414

13 Sexual Dysfunctions and Gender Dysphoria 415

<i>From the Case of Alexandra</i>	415
Overview of Sexual Dysfunctions	416
The Sexual Response Cycle	416
Changing Views of Sexual Dysfunctions	417
Factors Affecting Sexual Responsiveness	418
Types and Causes of Sexual Dysfunctions	419
Female Sexual Interest/Arousal Disorder	420
Female Orgasmic Disorder	422
Genito-Pelvic Pain/Penetration Disorder	424
Male Hypoactive Sexual Desire Disorder	425
Erectile Disorder	426
Delayed Ejaculation	428
Premature (Early) Ejaculation	429
Treatment of Sexual Dysfunctions	430
Treating Female Sexual Interest/Arousal Disorder and Male Hypoactive Sexual Desire Disorder	431
Treating Erectile Disorder	431
Treating Female Orgasmic Disorder	432
Treating Genito-Pelvic Pain/Penetration Disorder	433
Treating Delayed Ejaculation	433
Treating Premature (Early) Ejaculation	433
Prevention: Kegel Exercises: Not Just for Women?	434
<i>Revisiting the Case of Alexandra</i>	435
Gender Dysphoria	436
Gender Nonconformity	436
Controversy: Preventing Miscommunication and Promoting Respect	438
Cross-Cultural Views of Gender Nonconformity	438

- Gender Nonconformity and the *DSM* 439
- Causes of Gender Dysphoria 440
- Gender Nonconformity and Gender Dysphoria in Children 440
- Gender Nonconformity in Adolescence and Adulthood 441
- Ongoing Advocacy for Gender-Nonconforming Individuals 442
- Outcome Research on Gender-Affirmation Surgery 443
- Closing Thoughts 443
- A Conversation With Meredith Leischer, MS 444**
- Summary* 443 ■ *Key Terms* 445

14 Substance-Related and Addictive Disorders

447

- From the Case of Jerry* 447
- DSM-5 Diagnosis of Substance-Related Disorders 448**
- Alcohol 451**
 - Alcohol in the Body 452
 - Effects of Alcohol on the Brain and Behavior 452
 - Prevalence of Alcohol Use Disorders 454
 - Course of Alcohol Use Disorders 455
 - Other Mental Disorders Associated With Alcohol Use 456
 - Causes of Alcohol Use Disorders 459
 - Controversy: Alcohol Abuse: Sin, Disease, or Habit? 464**
 - Treatment and Prevention of Alcohol Use Disorders 466
 - Prevention: Delaying and Deterring Drinking by Adolescents 474**
- Other Sedatives 477**
 - Barbiturates 477
 - Benzodiazepines 477
 - Treatment of Sedative Use Disorders 478
- Stimulants 479**
 - Amphetamines 479
 - Cocaine 481
 - Caffeine 482
 - Nicotine 484
 - Treatment of Stimulant Use Disorders 486
 - Treatment and Prevention of Nicotine Use Disorders 487
- Opioids 489**
 - Opioid Use Disorders 489
 - Treatment of Opioid Use Disorders 491
- Cannabis 493**
 - Treatment of Cannabis Use Disorders 496
- Hallucinogens 497**
 - Lysergic Acid Diethylamide (LSD) 498
 - Other Hallucinogens 498
 - Treatment of Hallucinogen Use Disorders 499

Gambling 500

Revisiting the Case of Jerry 501

A Conversation With Alan Marlatt (1941–2011), in Memoriam 502

Summary 503 ■ Key Terms 504

15 Neurocognitive Disorders

505

From the Case of Dorothy 505

Domains of Cognition 507

Delirium 510

Course, Characteristics, and Prevalence of Delirium 511

Assessment of Delirium 512

Causes and Outcome of Delirium 513

Treatment of Delirium 513

Major and Mild Neurocognitive Disorders 515

Diagnostic Criteria 515

Differential Diagnosis 518

Prevalence and Demographic Considerations 518

Cultural Considerations in Assessing for NCD 519

Neurocognitive Disorder Due to Alzheimer's Disease 520

Stages of NCD Due to Alzheimer's Disease 520

Disentangling Normal Aging and NCD Due to Alzheimer's Disease 521

Neuropathology of NCD Due to Alzheimer's Disease 521

Genetic Factors and NCD Due to Alzheimer's Disease 523

Other Risk Factors for NCD Due to Alzheimer's Disease 523

Prevention: How Cognitive Ability and Physical Activity Impact NCD Due to Alzheimer's Disease 524

Pharmacological Treatment of NCD Due to Alzheimer's Disease 526

Cognitive Training as a Treatment for NCD Due to Alzheimer's Disease 528

Other Psychosocial Interventions for NCD Due to Alzheimer's Disease 528

Major or Mild Neurocognitive Disorder Due to Traumatic Brain Injury 529

Prevalence and Risk Factors for NCD Due to TBI 530

Course of TBI 530

Concussions and Sports 531

Controversy: Are Traumatic Brain Injury Symptoms and Psychological Distress Related? 532

TBI and the Military 533

Prevention and Treatment 534

Revisiting the Case of Dorothy 534

A Conversation With Carson Smith 536

Summary 535 ■ Key Terms 537

From the Case of Ted Bundy 539

Fateful Patterns: An Overview of Personality Disorders 541

Defining Characteristics and Prevalence of Personality Disorders 542

Diagnosing Personality Disorders 543

Types of Personality Disorders 545

Cluster A: Odd/Eccentric Personality Disorders 546

Cluster B: Dramatic/Emotional/Erratic Personality Disorders 548

Cluster C: Anxious/Fearful Personality Disorders 555

Causes of Personality Disorders 558

Theoretical Perspectives on Personality Disorders 558

Causes of Borderline Personality Disorder 560

Causes of Antisocial Personality Disorder 562

Treatment of Personality Disorders 565

Prevention: Can Personality Disorders Be Prevented?

The Case of Antisocial Behavior 566

Treatment of Borderline Personality Disorder 566

Treatment of Antisocial Personality Disorder 568

Revisiting the Case of Ted Bundy 569

A Conversation With Mark Lenzenweger, PhD 570

Summary 569 ■ *Key Terms* 572

From the Case of Justin 573

Paraphilia Versus Paraphilic Disorder 574

Types of Paraphilic Disorders 575

Voyeuristic Disorder 575

Exhibitionistic Disorder 575

Frotteuristic Disorder 576

Fetishistic Disorder 576

Transvestic Disorder 576

Sexual Sadism Disorder and Sexual Masochism Disorder 577

Pedophilic Disorder 579

Prevalence of Paraphilic Disorders 580

Controversy: Is Sex Addiction a Mental Disorder? 581

Causes of Paraphilias and Paraphilic Disorders 582

Biological Factors 582

Psychological Factors 583

Social Factors 584

Treatment of Paraphilic Disorders 585

Behavioral Methods 585

Prevention: Civil Commitment and Public Notification 586

Other Psychological Treatment Methods 586

Biological Methods 587

Conclusions About Treating Paraphilias 588

Legal and Ethical Issues Involving People With Mental Disorders 588

The Rights of Individuals Versus the Rights of Society 589

Mental Health Professionals in the Legal System 597

Confidentiality 599

Criminal Competence and Responsibility 600

Revisiting the Case of Justin 604

A Conversation With Brad Sagarin, PhD 605

Summary 604 ■ Key Terms 607
