About the Authors xv

PART 1 Studying Human Development 1

1 Introduction: Studying Human Development 3

The Nature of Human Development 4

Multiple Domains of Development 5

Development: The Example of Jodi 7

Why Study Development? 10

Focusing On . . . *Wanted: A Child and Family Policy* 11

The Life Course in Times Past 11

Early Precursors to Developmental Study 12

The Emergence of Modern Developmental Study 12

Lifespan Perspectives on Human Development 13

Continuity within Change 13

Lifelong Growth 14

Changing Meanings and Vantage Points 15

Developmental Diversity 16

Methods of Studying Developmental Psychology 16

The Scientific Method 16

A Multicultural View: *Street Children: Comparing Paraguay and North America* 18

Researching Questions about Causality 18

Researching Questions about Association 23

Working with *Marsha Bennington, Speech-Language Pathologist: Communication Difficulties across Development* 24

Ethical Constraints on Studying Development 27

Strengths and Limitations of Developmental Knowledge 29

2 Theories of Development 31

The Nature of Developmental Theories 32

What Is a Developmental Theory? 32

How Do Developmental Theories Differ? 33

Psychodynamic Developmental Theories 35

Freudian Theory 35

Focusing On . . . *Erik Erikson's Identity Crisis: An Autobiographical Perspective* 37

Erikson's Psychosocial Theory 37

Applications of Psychodynamic Developmental Theories throughout Development 40

Behavioral Learning and Social Cognitive Learning Developmental Theories 40

Behavioral Learning Theories 40

Social Cognitive Learning Theory 42

Applications of Learning Theories throughout Development 43

Cognitive Developmental Theories 43

Piaget's Cognitive Theory 44

Neo-Piagetian Approaches 45

Information-Processing Theory 45

Applications of Cognitive Developmental Theories throughout Development 47

Contextual Developmental Theories 47

Applications of Contextual Developmental Theories throughout Development 48

A Multicultural View: *Street Children: Comparing Paraguay and North America* 49

Working with *Jeffrey Friedman, Clinical Social Worker: The Value of Developmental Theory for Helping Children, Adolescents, and Their Families* 50

Ethological Theory 51

Developmental Theories Compared: Implications for the Student 52

PART 2 Beginnings 57

3 Genetics 59

Mechanisms of Genetic Transmission 60

The Role of DNA 60

Meiosis and Mitosis 60

Individual Genetic Expression 61

Genotype and Phenotype 61

Dominant and Recessive Genes 62

Transmission of Multiple Variations 62

Polygenic Transmission 64

The Determination of Sex 64

Genetic Abnormalities 65

Disorders Due to Abnormal Chromosomes 65

Disorders Due to Abnormal Genes 68

Genetic Counseling and Prenatal Diagnosis 70

Relative Influence of Heredity and Environment 71

Key Concepts of Behavior Genetics 71

Focusing On . . . *Technological Alternatives to Natural Conception* 72

Adoption and Twin Studies 73

A Multicultural View: *Cultural Difference and Genetic Counseling* 74

Cautions and Conclusions about the Influence of Heredity and Environment 76

Looking Back/Looking Forward 76

4 Prenatal Development and Birth 79

Prenatal Development and Birth 79

Stages of Prenatal Development 80

Conception 80

The Germinal Stage (First Two Weeks) 80

The Embryonic Stage (Third through Eighth Weeks) 81

The Fetal Stage (Ninth Week to Birth) 82

The Experience of Pregnancy 83

Prenatal Influences on the Child 84

Harmful Substances, Diseases, and Environmental Hazards 85

Maternal Age and Physical Characteristics 90

Prenatal Health Care 90

Birth 91

Working with *Katie Glover, OB-GYN Nurse Practitioner: Preparing for Childbirth* 92

Stages of Labor 92

Childbirth Settings and Methods 94

Problems during Labor and Delivery 98

Faulty Passenger 99

Birth and the Family 100

Looking Back/Looking Forward 100

PART 3 The First Two Years of Life 103

5 Physical Development during the First Two Years 105

PHYSICAL DEVELOPMENT 106

The Newborn 106

The First Few Hours 106

Is the Baby All Right? The Apgar Scale 107

Size and Bodily Proportions 107

Growth in Infancy 108

Physical Growth 108

Brain Growth 109

Infant States: Sleep and Arousal 111

Sleep 111

Focusing On . . . *Sudden Infant Death Syndrome* 112

Parents' Response to Infant Sleep and Arousal 113

States of Arousal 114

Sensory Acuity 115

Visual Acuity 115

Auditory Acuity 115

Tactile, Taste, and Olfactory Acuity 116

Motor Development 117

The First Motor Skills 117

Cultural and Sex Differences in Motor Development 120

Nutrition during the First Two Years 120

Breast Milk versus Formula 121

Poor Nutrition 121

Overnutrition 122

Impairments in Infant Growth 123

Low-Birth-Weight Infants 123

Failure to Thrive 124

Infant Mortality 124

6 Cognitive Development during the First Two Years 127

Studying Cognition and Memory in Infants 128

Arousal and Infants' Heart Rates 128

Recognition, Memory, and Infant Habituation 128

Infant Perception and Cognition 129

Visual Perception in Infancy 129

Auditory Perception in Infancy 132

Coordination of Sensory Information 133

Cognitive Change during Infancy: Piaget's Stage Theory 133

Stages of Sensorimotor Intelligence 134

Assessment of Piaget's Theory of Infant Cognition 137

Behavioral Learning in Infancy 139

Operant Conditioning 139

Imitation 140

Language Acquisition 141

Phonology 143

Semantics and First Words 143

Influencing Language Acquisition 144

A Multicultural View: *Cognitive Effects of Talking to Infants: A Cross-Cultural Perspective* 145

Working with *Gillian Luppawski, Infant Care Provider: Fostering Infants' Thinking* 147

The End of Infancy 148

7 Psychosocial Development during the First Two Years 151

Early Social Relationships 152

Transition to Parenthood 153

Caregiver-Infant Synchrony 154

Social Interactions with Other Family Members 155

Interactions with Nonparental Caregivers 157

Interactions with Peers 158

Emotions and Temperament in Infancy 160

Emotions in Infancy 160

Temperament 161

Attachment Formation 163

Phases of Attachment Formation 164

Assessing Attachment: The "Strange Situation" 165

Consequences of Different Attachment Patterns	167	Beyond First Words: Semantic and Syntactic Relations	207
Influences on Attachment Formation	167	Mechanisms of Language Acquisition	209
A Multicultural View: Cross-Cultural Variations in Attachment	168	Innate Predisposition to Acquire Language: LAD	210
Focusing On . . . Family-Leave Policies in the United States and Europe	171	Parent-Child Interactions	211
Working with Rachel Turner, Infant Day-Care Coordinator: Understanding Infant Social Development	172	Language Variations	212
Long-Term and Intergenerational Effects of Attachment	174	Gender Differences in Language	212
Toddlerhood and the Emergence of Autonomy	174	Socioeconomic Differences in Language	212
Sources of Autonomy	175	Language of Deaf and Hearing-Impaired Children	213
Development of Self	176	Working with Carolyn Eaton, Preschool Teacher: Introducing Sign Language to Young Children	214
Development of Competence and Self-Esteem	177	Language Deficits or Language Differences?	215
Looking Back/Looking Forward	179	Early Childhood Education	216
		Early Education and Cognitive Theories of Development	216
		Effectiveness of Early Childhood Education	216
		Cultural Diversity and Best Practice in Early Education	217

PART 4 Early Childhood 181

8 Physical Development during Early Childhood 183

PHYSICAL DEVELOPMENT	184
Influences on Normal Physical Development	184
Genetic Background	185
Nutritional Needs during the Preschool Years	186
The Connection between Health and Poverty	186
Bladder Control	187
Focusing On . . . Reforming Children's Health Care	188
Motor Skill Development	189
Fundamental Motor Skills	189
Fine Motor Coordination: The Case of Drawing Skills	191
Gender Differences in Physical Development	192
Variations in Motor Skill Development	193
The Impact of Children's Growth on Adults	194
Effects of Appearance	194
Effects of Motor Skills	194
Effects of Differences in Families	195
From Preschooler to Child	197

9 Cognitive Development during Early Childhood 199

COGNITIVE DEVELOPMENT	199
Thinking among Preschoolers	200
Piaget's Preoperational Stage	200
Symbolic Thought	201
Egocentrism in Preschool Children	201
Other Aspects of Children's Conceptual Development	202
Cognition as Social Activity	203
Neostructuralist Theories of Cognitive Development	205
Language Acquisition during the Preschool Years	206
The Nature of Syntax	206

10 Psychosocial Development during Early Childhood 223

Relationships with Family	224
Relationships with Parents	224
Patterns of Parental Authority	225
Focusing On . . . Extended Family Supports for Child-Rearing	226
Relationships with Siblings	229
Relationships in an Expanding Social World	231
Empathy and Prosocial Behavior	232
Conflict and Aggression	234
Responding to Aggressive Behavior	237
The Effects of Media on Preschoolers' Development	238
Play during Early Childhood	240
The Nature of Play	241
Theories of Play	241
Cognitive Levels of Play: Developmental Trends	243
Other Influences on Play and Friendship	244
Social Levels of Play	245
Play and Friendship in Early Childhood	247
Working with Javier Hernandez, Preschool Program Coordinator: Play and Friendships among Preschoolers	248
Gender Development	250
Learning Gender Schema	251
Influences on Gender Development	252
Androgyny	253
Child Abuse and Maltreatment	254
Causes	254
Consequences	255

A Multicultural View: <i>The Cultural Context of Child Abuse and Neglect</i>	256
Treatment and Prevention	257
Looking Back/Looking Forward	257

PART 5 Middle Childhood 261

11 Physical Development during Middle Childhood	263
PHYSICAL DEVELOPMENT	264
Trends and Variations in Height and Weight	264
Motor Development and Athletics in Middle Childhood	266
A Multicultural View: <i>Dieting in Cross-Cultural Perspective</i>	267
Physical Effects of Early Athletics	268
Psychological Effects of Early Athletics	269
Health and Illness in Middle Childhood	270
Social Influences on Illness	271
Attention Deficit Hyperactivity Disorder	271
Sleep	273
The Changing Child	273
12 Cognitive Development during Middle Childhood	275
COGNITIVE DEVELOPMENT	275
Piaget's Theory: Concrete Operational Skills	276
Conservation in Middle Childhood	276
Conservation Training	277
Piaget's Influence on Education	278
Information-Processing Skills	279
Memory Capacity	279
Difficulties with Information Processing: Learning Disabilities	281
Working with <i>Terry Wharton, Special Education Teacher: Giving Children a Second Chance to Learn</i>	284
Language Development in Middle Childhood	285
Bilingualism and Its Effects	285
Defining and Measuring Intelligence	287
Psychometric Approaches to Intelligence	288
Information-Processing Approaches to Intelligence	289
The Triarchic Theory of Intelligence	289
Focusing On . . . <i>Gifted Students: Victims or Elite?</i>	290
Sociocultural Approaches to Intelligence	293
School Influences	294
Participation Structures and Classroom Discourse	294
Social Biases That Affect Learning	296
The Impact of Assessment	296
The Changing Child	298

13 Psychosocial Development during Middle Childhood	301
Psychosocial Challenges of Middle Childhood	302
The Challenge of Knowing Who You Are	302
The Sense of Self	303
The Development of Self during Childhood	303
Processes in Constructing a Self	305
The Age of Industry and Achievement	306
Latency and the Crisis of Industry	306
Achievement Motivation	307
Family Relationships	308
The Quality of Parenting and Family Life during Middle Childhood	308
The Changing Nature of Modern Families	309
Divorce and Its Effects on Children	309
A Multicultural View: <i>Parental Expectations and Academic Achievement</i>	310
Focusing On . . . <i>The Quality of Parenting and Family Life during Middle Childhood</i>	312
The Effects of Work on Families	316
Other Sources of Social Support	318
Peer Relationships	320
What Theorists Say about Peer Relationships	320
The Functions of Friends	321
The Functions of Other Peers	322
Influences on Peer Group Membership	322
Popularity and Rejection	325
Conformity to Peers	328
School Influences on Peer Relations	329
Working with <i>Lisa Truong, Fourth-Grade Teacher: Reducing Gender Role Stereotyping in Play</i>	330
Death, Loss, and Grieving during the School Years	332
The Process of Grieving for a Childhood Loss	332
Children's Understanding of Death	333
Looking Back/Looking Forward	334
