Preface xvii
About the Authors xx
Introduction xxi

PART 1	INNATE AND ENVIRONMENTAL DETERMINANTS OF PERSONALITY	1
1	Genetic Determinants of Personality	3
	All Humans Are Alike 4	
	The Question of Instincts 5	
	Instinctive Patterns of Behavior 5	
	Evolutionary Psychology 7	
	Facial Expressions and Emotions 9	
	The Need to Belong and Survival 10	
	All Humans Are Unique 12	
	The Experimental Study of Heritability 12	
	The Study of Heritability Through Human Research 13	
	Heritability Estimates Depend on the Sample 19	
	The Nonshared Environment Effect 21	
	Molecular Genetics 22	
	Criticisms of Genetic Views of Personality 22	
	<i>Summary 23 ■ Key Terms 23 ■ Thought Questions 23</i>	
2	Contextual Aspects of Personality and Behavior	25
	The Person and Situation 26	
	The Social World 27	
	Social Class 27	
	Culture 28	
	The Physical World 33	
	The Natural Environment 33	
	Constructed Environments 36	

Behavior Settings	36
Privacy	37
Summary of Environmental Effects	37
<i>Summary</i>	<i>38</i>
<i>Key Terms</i>	<i>38</i>
<i>Thought Questions</i>	<i>38</i>

PART 2 THEORIES OF PERSONALITY 39

3 Freud's Psychoanalytic Theory of Personality 43

Biography 44

Basic Theoretical Concepts 46

Homeostasis and Hedonism	46
Psychological Energy	47
The Instincts	48
Psychological Determinism	48
Libido and Developmental Stages	49
Personality Structures	51

Anxiety 53

Defense Mechanisms 54

Repression and the Unconscious	54
Childhood Sexual Abuse and Repression	56
Other Defenses	57
Individual Differences in Defensive Preferences	58
Defense Mechanisms May Be Necessary	59

General Evaluation 59

<i>Summary</i>	<i>60</i>
<i>Key Terms</i>	<i>60</i>
<i>Thought Questions</i>	<i>60</i>

4 Psychoanalytic Dissidents and Descendants 61

Rivals to Freud 61

The Analytic Psychology of Carl Jung	62
Alfred Adler's Individual Psychology	67
Karen Horney	68
Erich Fromm	70

Psychoanalysis Since Freud 72

Erik Erikson	73
Psychoanalytic Ego Psychology	75
Object Relations Theory	77
Narcissism and the Self	80

Psychoanalysis in Flux 81

<i>Summary</i>	<i>82</i>
<i>Key Terms</i>	<i>83</i>
<i>Thought Questions</i>	<i>83</i>

Associationist (Stimulus-Response) Learning Theory 86

Habits and Drives 87

Personality Development 88

Reinforcement Theory 91

Radical Behaviorism 92

Lawfulness and Control 92

Increasing or Maintaining Behavior 93

Decreasing Behavior 94

Applications of Reinforcement Theory 95

Limitations of Reinforcement Theory 97

Social Learning Theory 98

Expectancy-Value Theory 98

Bandura's Social Learning Theory 99

Limitations of Social Learning Theory 103

Cognitive Behavior Modification 104

Conditioning New Associations 104

Other Cognitive Changes 105

*Summary 105 ■ Key Terms 106 ■ Thought Questions 106***Humanistic Theory 108****The Person-Centered Theory of Carl Rogers 109**

Self-Actualization 109

Client-Centered Therapy 111

Maslow's Organismic Humanism 112

The Need Hierarchy 112

The Actualized Person 114

Existential Humanism 115**Kelly's Personal Construct Theory 116**

The Human as Scientist 117

Constructive Alternativism 118

Formal Theory 119

The Role Construct Repertory (REP) Test 120

Emotions 121

Overview of Kelly's Theory 122

Implicit Psychology 122

A Concluding Comment 123

Summary 123 ■ Key Terms 124 ■ Thought Questions 124

7

Foundations of Personality Measurement

127

The Prescientific Era 128**The Scientific Era 129****Reliability and Validity 131**

Reliability 131

Validity 135

How Low Reliability Affects Validity 139

Summary 140 ■ Key Terms 140 ■ Thought Questions 140

8

Personality Assessment

141

Objective Personality Tests 142

Tests Based on Face Validity 143

Empirical Approaches 144

Factor Analysis 146

The Theoretical Model 147

Projective Personality Tests and Methods 148

The Rorschach Inkblot Test 148

The Thematic Apperception Test (TAT) 150

Other Approaches to Personality Assessment 152

The Interview 153

Self-Report 154

Observers 154

Physiological Assessment 154

Summary 155 ■ Key Terms 156 ■ Thought Questions 156

9

Traits, Situations, and Their Interaction

157

Personality Types 158**Trait Theories 159**

Cattell and Factor Analysis 159

Eysenck's Hierarchy 159

The Big Five 161

Trait and Situational Theories 163

Mischel's Argument 163

Attribution Theory 164

Alternative Assessment Strategies 166

The Interactionist Position 166

The Moderator Variable Approach 167

Aggregation Techniques 168

Trait Psychology Revisited 169

State versus Trait 170

Conceptualizing Traits 171

Summary 172 ■ Key Terms 172 ■ Thought Questions 172

PART 4 PERSONALITY DEVELOPMENT

173

10 The Development and Functions of the Self

175

The Self 176

Culture and the Self 176

Definitions of Self 176

The Self as a Concept 177

Self as Agent 178

Development of the Self-Concept 178

Self-Awareness 178

Further Developments of the Self-Concept 179

Self-Esteem 183

Self-Processes 184

Self-Monitoring 185

Self-Control 186

Positive and Negative Effects of Self-Awareness 186

Self-Motives 187

Self-Protection and Self-Enhancement 187

Self-Consistency 189

Personality Theories and the Self 190

The Self in Personality Theories 190

Summary 191 ■ Key Terms 191 ■ Thought Questions 191

11 Identity

193

Stages of Identity Formation: Erikson and Marcia 194

Beyond Four Stages 197

Racial and Ethnic Identity 197

Sexual Orientation Identity Development 199

Gender Identity, Gender Typing, and Gender Differences 201

Gender Identity 201

Gender Differences 202

Gender Typing: Development of Gender Differences
and Gender Identity 205

Narrative and Identity 209

Summary 213 ■ Key Terms 213 ■ Thought Questions 213

Issues in Personality Development 216

Nature or Nurture? 216

Continuity or Stages? 217

Attachment Theory 218

Characteristics of Attachment 219

Mary Ainsworth and The Strange Situation 222

Caregiving and Attachment 223

Childhood Outcomes 224

Measurement in Adults 226

Socialization and the Family 228

Child-Rearing Patterns 228

Moral Development 231

The Superego and Moral Development 231

Stages of Moral Development: The Cognitive Approach 232

The Social Learning Approach 233

Prosocial Behaviors 234

Evolution of Positive Social Behaviors 234

Cooperation 235

Generosity and Caring 237

Empathy 237

*Summary 239 ■ Key Terms 239 ■ Thought Questions 239***Personality Continuity and Change 241****Adolescence and Emerging Adulthood 245**

Biological Changes 246

Individual Variations 247

Autonomy and Conformity 247

Trait Level Changes 248

Continuity Between Adolescents and Parents 248

Adult Development 249

Adult Developmental Stages 250

Midlife “Crisis” 251

Continuity and Change in Adulthood 252

Old Age 254

Trait Stability into Old Age 254

Aging and Health 255

Competence and Survival 256

To Disengage or Not to Disengage 256
Demography 257
Summary 258 ■ Key Terms 258 ■ Thought Questions 258

PART 5 PERSONALITY DYNAMICS 259

14 The Dynamics of Behavior 261

A Historical Introduction 261
Psychodynamics from a Psychoanalytic Perspective 261
Behaviorism 262
Gestalt Psychology 263
Topics in the Study of Personality Dynamics 263
Conflict 264
Temporal, Spatial, and Discriminative Conflict 265
Lewin's Classification System 265
Miller's Conflict Model 266
Impulse Control and Delay of Gratification 268
Imaginary Images 269
Learning Theory Approaches 270
Expectancy and Delay of Gratification 270
Substitution 271
Frustration 273
Goals and Life Tasks 273
Summary 275 ■ Key Terms 275 ■ Thought Questions 275

15 Emotion and Stress 277

Emotion 277
Definition 278
Areas of Study 279
The Body as the Source 279
Two Factor Model 280
Cognitive Theories 282
An Attributional Approach to Emotions 283
Appraisal Approach to Emotions 284
The Structure of Emotion 285
Basic Emotions 285
Individual Differences in Emotional Reactivity 286
Mood 286

Stress 287

Life-Event Stress 287

Effects of Stress on Thinking 291

Coping with Stress 291

Appraisal and Problem-Focused Coping 292

Social Support 292

Individual Differences in Stress Reactions and Hardiness 294

Conclusion 294

Summary 295 ■ Key Terms 295 ■ Thought Questions 295

16

Consciousness

297

The Relationship of Consciousness to Nonconscious Information Processing 298

Mindlessness 299

Automaticity 300

Priming 301

The Relationship of the Self to Consciousness 302

Are Nonconscious Processes “Smart” or “Dumb?” 303

Altered States of Consciousness 304

Sleep 304

Dreams 306

Hypnosis 309

Drugs 312

The Divided Self: Split-Brain Experiments and Consciousness 313

Fantasy and Consciousness 315

Summary 316 ■ Key Terms 316 ■ Thought Questions 316

PART 6

COMPLEX PERSONALITY PROCESSES

317

17

Perceived Causality and Control

319

Perceived Control 320

Locus of Control 320

Learned Helplessness 322

Optimism 325

Efforts to Preserve a Sense of Personal Control 326

Self-Determination Theory 329

Achievement Motivation 330

The Measurement of Achievement Needs 331

Achievement Needs as a Personality Structure 331

Achievement Motivation and Economic Development 332

- The Development of Achievement Needs 334
- Atkinson's Theory of Achievement Motivation 334
- Attribution Theory and Achievement Strivings 336
- Competence 339**
 - Mindset 339
 - Integrating Perceived Control with Achievement Motivation and Competence 340
- Attributions of Responsibility 340**
 - Evaluation 341
 - Helping Behavior 342
- Conclusion 342**
 - Summary 342 ■ Key Terms 343 ■ Thought Questions 343*

18 Love and Hate

345

- Love's Infinite Variety 346**
- Research on Love 347**
- A Triangular Model of Love 347**
- Passionate Love 349**
- Companionate Love 350**
- Intimacy 351**
 - Attachment Styles 351
- Choosing a Partner 353**
- Love and Sex 353**
- Love and Hate 354**
- Aggression 356**
 - What Is Aggression? 356
 - Biological Aspects of Aggression 357
 - Physiological Influences 359
 - Genetics and Aggression 360
- Cultural Influences 361**
- The Physical Environment 362**
- Personality Theories and the Antecedents of Aggression 364**
 - Psychoanalytic Theory 364
 - Learning Theory Models of Aggression 365
- Developmental Influences 371**
 - Child-Rearing Practices 371
 - Child Abuse 372
- Aggression as a Personality Trait 372**
 - Hostile Attribution Bias 373
 - Narcissism 373
- Catharsis and the Regulation of Aggression 374**

Catharsis 374

Cognitive Control Mediators and Prosocial Expression of Anger 375

Altering Stimulus Meaning 375

Summary 375 ■ *Key Terms* 376 ■ *Thought Questions* 376

19 Summing Up

377

Interactionism 377

The Multidimensionality of the Person 380

The Self 381

Personality as a Science 382

The Future 383

Personality Structure 384

Individual Differences and Their Development 385

Personality Dynamics 385

An Integrated Theory of Personality 386

Summary 387 ■ *Thought Questions* 387

Glossary 389

References 397

Index of Names 449

Index of Concepts 457
