Preface *xix*

About the Authors *xxv*

1 Understanding Social Behavior 1

Social Psychology and the Understanding of Social Behavior 2

A Model for Understanding Social Behavior 4

Expanding Lewin's Model 6

Social Psychology and Related Fields 8

Research in Social Psychology 10

Experimental Research 13

Correlational Research 17

Settings for Social Psychological Research 19

The Role of Theory in Social Psychological Research 21

What Do We Learn from Research in Social Psychology? 22

Can Findings in Social Psychology Be Replicated? 23

Ethics and Social Psychological Research 24

Trinidad Beach Revisited 25

2 The Social Self 31

Self-Concept 33

Self-Knowledge: How Do You Know Thyself? 33

The Self and Memory 36

The Self: The Influence of Groups and Culture 39

Self-Esteem: Evaluating the Self 48

Internal Influences on Self-Esteem 48

Self-Esteem and Stigma 51

Self-Esteem and Cultural Influences 53

What's So Good about High Self-Esteem? 53

Implicit and Explicit Self-Esteem 54

Self-Control: How People Regulate Their Behavior	54
Self-Control and Self-Regulation	54
The Cost and Ironic Effects of Self-Control	57
Thinking about Ourselves	58
Self-Serving Cognitions	58
Maintaining Self-Consistency	59
Self-Awareness	60
Self-Knowledge and Self-Awareness	61
Managing Self-Presentations	61
Self-Esteem and Impression Management	62
Self-Monitoring and Impression Management	62
Self-Handicapping	63
The Impression We Make on Others	65
The Life of Serena Williams Revisited	67

3 Social Perception: Understanding Other People 71

Automatic and Controlled Processing	73
Automatic Processing	73
Controlled Processing	74
Impression Formation	74
How Accurate Are Our Impressions?	75
Confidence and Impression Formation	76
The Importance of First Impressions	77
Social Media and Impression Formation	80
Person Perception: Reading Faces and Catching Liars	80
The Attribution Process: Deciding Why People Act As They Do	84
Heider's Early Work on Attribution	84
Correspondent Inference Theory	85
Covariation Theory	85
Dual-Process Models	88
Perceptions of Responsibility and Attributions	89
Attribution Biases	91
Misattributions	91
The Fundamental Attribution Error	92
The Actor-Observer Bias	94
The False Consensus Bias	95

Schemas 96

- Assimilating New Information into a Schema 97
- Origins of Schemas 97
- The Relationship Between Schemas and Behavior 97
- Shortcuts to Reality: Heuristics 99

The Vincennes Revisited 101

4 Prejudice and Discrimination 105

The Dynamics of Prejudice, Stereotypes, and Discrimination 107

- Prejudice 107
- Stereotypes 110
- Discrimination 118

The Persistence and Recurrence of Prejudice and Stereotypes 118

Individual Differences and Prejudice: Personality and Gender 120

- The Authoritarian Personality 120
- Social Dominance Orientation 123
- Openness to New Experience and Agreeableness 124
- Other Personality Correlates of Prejudice 124
- Gender and Prejudice 125

The Social Roots of Prejudice 126

- Explicit and Implicit Prejudice 128
- Changing Social Norms 132

The Cognitive Roots of Prejudice: From Categories to Stereotypes 133

- Identification with the In-Group 135
- The Role of Language in Maintaining Bias 137
- System Justification and Prejudice 139
- Illusory Correlations 140
- The Confirmation Bias 142
- The Out-Group Homogeneity Bias 143
- The Difference Between Prejudiced and Nonprejudiced Individuals 143

The Consequences of Being a Target of Prejudice 145

- Ways Prejudice Can Be Expressed 145
- Prejudice-Based Jokes 145
- Stereotype Threat 147
- Collective Threat 150
- Expecting to Be a Target of Prejudice 151

Coping with Prejudice	151
Raising the Value of a Stigmatized Group	151
Making In-Group Comparisons	152
Anticipating and Confronting Prejudice	152
Compensating for Prejudice	153
Reducing Prejudice	154
Contact Between Groups	154
Personalizing Out-Group Members	156
Reducing the Expression of Prejudice Through Social Norms	157
Reducing Prejudice Through Training	158
The Mormon Experience Revisited	160

5 Attitudes 167

What Are Attitudes?	169
Allport's Definition of Attitudes	169
Attitude Structures	170
Attitudes as an Expression of Values	171
Explicit and Implicit Attitudes	172
How Are Attitudes Measured?	173
The Attitude Survey	173
Behavioral Measures	174
Implicit Measures	174
How Are Attitudes Formed?	175
Mere Exposure	175
Direct Personal Experience	176
Operant and Evaluative Conditioning	176
Observational Learning	178
The Effect of the Mass Media	178
The Heritability Factor	181
Social Networks	184
Attitudes and Behavior	185
An Early Study of Attitudes and Behavior	185
Theory of Planned Behavior	186
The Importance of Attitude Strength	188
The Nonrational Actor	190

Ideology and How We Feel About Those Who Think Differently from Us 192

Ideology 193

Ideology and Political Polarization 193

Ideology as Motivated Social Cognition 195

Does Ideology Predict Behavior? 195

Ida Tarbell Revisited 197

6 Persuasion and Attitude Change 201

The Persuasion Process 203

The Yale Communication Model 203

The Communicator 204

The Message and the Audience 209

The Cognitive Approach to Persuasion 216

The Elaboration Likelihood Model 216

The Effect of Mood on Processing 218

The Effect of Personal Relevance on Processing 221

The Impact of Attitude Accessibility on Elaboration 223

Do Vivid Messages Persuade Better Than Nonvivid Messages? 224

The Need for Cognition and Affect 225

The Heuristic Model of Persuasion 227

Cognitive Dissonance Theory: A Model of Self-Persuasion 227

Cognitive Dissonance Theory 228

Does Inconsistency Lead to Cognitive Dissonance? 228

Alternatives to Cognitive Dissonance Theory 237

Persuading the Masses Through Propaganda 241

Propaganda: A Definition 241

Characteristics of Propaganda 242

The Aims of Propaganda 243

Propaganda Techniques 243

Hitler's Rise to Power 244

COVID-19 Vaccine Hesitancy Revisited 247

7 Conformity, Compliance, and Obedience 251

Conformity: Going Along with the Crowd 253

- Informational and Normative Social Influence 254
- Social Norms: The Key to Conformity 255
- Classic Studies in Conformity 256
- How Does Social Influence Bring About Conformity? 258
- Different Forms of Conformity 260
- Factors That Affect Conformity 261

Minority Influence 266

- Can a Minority Influence the Majority? 266
- Majority and Minority Influence: Two Processes or One? 268

Compliance: Responding to a Direct Request 269

- Foot-in-the-Door Technique 270
- Door-in-the-Face Technique 274
- Compliance Techniques: Summing Up 276

Obedience 278

- Defining Obedience 278
- Destructive Obedience and the Social Psychology of Evil 279
- Milgram's Experiments on Obedience 283
- The Role of Gender in Obedience 289
- Obedience or Aggression? 289
- Obedience Across Culture, Situation, and Time 289
- Reevaluating Milgram's Findings 292
- Critiques of Milgram's Research 292

Disobedience 294

- Breaking with Authority 294
- Reassessing the Legitimacy of the Authority 295
- Strength in Numbers 297

To Mask or Not to Mask Revisited 299

8 Group Processes 305

What Is a Group? 307

- Characteristics of Groups 307
- What Holds a Group Together? 308

How and Why Do Groups Form? 309

- Meeting Basic Needs 309
- Roles in Groups 310

How Do Groups Influence the Behavior of Individuals?	311
The Effects of an Audience on Performance	311
Group Performance: Conditions That Decrease or Increase Motivation of Group Members	314
Groups, Self-Identity, and Intergroup Relationships	317
The Power of Groups to Punish: Social Ostracism	318
Deindividuation and Anonymity: The Power of Groups to Do Violence	321
Group Performance	323
Individual Decisions and Group Decisions	323
The Harder the Problem, the Better the Group	325
The Effect of Leadership Style on Group Decision Making	327
Factors That Affect the Decision-Making Ability of a Group	330
Group Composition	330
Group Size	332
Group Cohesiveness	332
The Dynamics of Group Decision Making: Decision Rules, Group Polarization, and Groupthink	333
Group Decisions: How Groups Blend Individual Choices	333
Group Polarization	334
Groupthink	335
The <i>Challenger</i> Explosion Revisited	338

9 Interpersonal Attraction and Close Relationships 343

The Roots of Interpersonal Attraction and Close Relationships	344
Affiliation and Intimacy	345
Loneliness and Social Anxiety	346
Loneliness	346
Social Anxiety	348
Love and Close Relationships	349
Love's Triangle	349
Types of Love	351
The Formation of Intimate Relationships	353
Determinants of Interpersonal Attraction	356
Physical Proximity: Being in the Right Place	356
Similarity	359
Physical Attractiveness	361

Dynamics of Close Relationships 369

- Relationship Development 370
- Dating Scripts and Relationship Formation 371
- Evaluating Relationships 373
- Love over Time 376
- Sculpting a Relationship 377
- Responses to Conflict 378
- Love in the Lab 381

Friendships 382

- Gender Differences in Friendships 383
- Friendships over the Life Cycle 384

Gertrude and Alice Revisited 385

10 Interpersonal Aggression 391

What Is Aggression? 393

- Levels and Types of Aggression 393
- Gender Differences in Aggression 394

Biological Explanations for Aggression 397

- Ethology 397
- Sociobiology 398
- Genetics and Aggression 399
- The Physiology of Aggression 400
- Alcohol and Aggression 403
- Physiology and Aggression: Summing Up 406

The Frustration-Aggression Link 406

- Components of the Frustration-Aggression Sequence 407
- Factors Mediating the Frustration-Aggression Link 408

The Social Learning Explanation for Aggression 411

- The Socialization of Aggression 412
- Aggressive Scripts: Why and How They Develop 414
- The Role of the Family in Developing Aggressive Behaviors 414
- Child Abuse and Neglect 417
- Family Disruption 418
- The Role of Culture in Violent Behavior 419

Exposure to Media Violence and Aggression 423

- The Role of Television in Teaching Aggression 424
- Violent Video Games and Aggression 427
- Viewing Sexual Violence: The Impact on Aggression 430

Reducing Aggression	433
Reducing Aggression in the Family	433
Reducing Aggression with Cognitive Intervention and Therapy	434
The Valley Transportation Authority Case Revisited	436

11 Prosocial Behavior and Altruism 441

Why Do People Help?	443
Empathy: Helping in Order to Relieve Another's Suffering	444
Empathy and Egoism: Two Paths to Helping	444
Biological Explanations: Helping in Order to Preserve Our Own Genes	449
Helping in Emergencies: A Five-Stage Decision Model	451
Stage 1: Noticing the Situation	452
Stage 2: Labeling the Situation as an Emergency	453
Stage 3: Assuming Responsibility to Help: The Bystander Effect	454
Stage 4: Deciding How to Help	459
Stage 5: Implementing the Decision to Help	460
Increasing the Chances of Receiving Help	469
Courageous Resistance and Heroism	469
Explaining Courageous Resistance and Heroism:	
The Role of Personality	472
Righteous Rescuers in Nazi-Occupied Europe	473
A Synthesis: Situational and Personality Factors in Altruism	479
Altruistic Behavior from the Perspective of the Recipient	483
Seeking Help from Others	483
Reacting to Help When It Is Given	485
Irene Opdyke Revisited	488

12 Applying Social Psychology: Law, Business, and Health 493

Social Psychology and the Law	494
Eyewitness Testimony	494
Juries: Group Processes in Action	502
Intergroup Bias in Court	504
Confessions: Are They Always What They Seem?	505
Summary of This Section	508

**The Social Psychology of Work: Industrial Organizational
Psychology 508**

Personnel Selection	508
Performance Appraisals	510
Motivation at Work	512
Organizational Citizenship Behaviors	514

Social Psychology and Health 515

Perceived Stress and Health	516
Coping with Stress	519
Optimism and Health	521
